Due to a significant increase in the amount of express air parcel and the upcoming holiday season, our carrier partners (FedEx and UPS) have instated a temporary peak surcharge that will be effective between Oct. 1st through Dec. 30, 2020. Therefore, please expect rate increases during this shipping period.

ON TIME DELIVERY

Quantimetrix is committed to working closely with our carrier partners to ensure on-time delivery. However, due to the increased amount of parcel activity across the nation, in addition to the COVID-19 pandemic and the holiday season, carriers are experiencing delivery delays of 1-2 days for healthcare supply chain.

PROACTIVE APPROACH

- We are monitoring our shipment(s) daily until final delivery.
- We are working closely with our carrier partners to ensure on time delivery and immediately addressing any delays the shipment(s) might experience during transit.
