March, 16, 2020

Dear Quantimetrix Partners and Customers,

The safety and wellbeing of our employees and customers continues to be our highest priority. We'd like to reassure you that we are taking extra precautions to ensure the safety, quality and consistent availability of our products as we do our best to navigate the COVID-19 pandemic.

In adherence to the CDC's advice, we are implementing additional sanitation measures, working remotely where possible and restricting travel.

We are working carefully with our suppliers and partners to maintain safety and consistency so that we may continue to supply and support the world's healthcare providers. To that end, we are prioritizing delivery of product and may not be able to accommodate all requests for information.

Additionally, we are asking that customers who ordinarily place orders via phone, instead send their orders in via email to orders@quantimetrix.com.

We do not currently foresee any disruptions to our supply chain, but will keep you informed as we continue to monitor the situation.

We thank you in advance for your patience and flexibility as we look out for each other.

Best wishes from your
Quantimetrix Team!
